

THE VILLAGE NEWSLETTER

February 2025

REMINDERS:

As winter is here, please remember, all items must be removed from in front of your garage and off your sidewalks to make it easier for the snow removal team. This includes putting away garbage cans in a timely manner. If all of your garbage does not fit in your container, please place in a neighbor's container and not on the ground next to your container.

Also, if you have any issues or questions about the work being performed by contractors within the Village, please reach out to one of the board members listed or Cal Gulker. We will be happy to work with you to fix any issues that might arise.

DECK REPLACEMENTS

Eight Deck Replacements have been completed this year. We will continue to budget for additional decks as financing comes available.

Any co-owner requests for work will require a work order. These are available in the press boxes or online at our website.

We will also be installing a seawall on the south side of the north pond this spring, as soon as the permitting process is complete.

SNOW REMOVAL

Zehns has transitioned to a snow blower for much of the remainder of this winter. This will help limit the number of trucks in the Village. Also, they will be replacing the two light poles that have been inadvertently knocked down at their expense when spring arrives.

BOARD WALK AROUND

Members of the board will be doing our annual walk around in April/May. If there is anything you would like to draw our attention to, please let one of the board members know.
